

Student FAQs

Academic Assistant Knowledge Base • NMAMIT, Nitte

FAQ policy

Answers below are limited to information verified from official NMAMIT/Nitte regulations and calendar sources. If a question concerns a current notice, fee, deadline, timetable or department-specific procedure, the assistant should retrieve the latest official notice instead of relying on this static FAQ.

What is the minimum attendance required?

85% in each subject under the cited CSE regulations, with a provision for 10% condonation by the Principal for specified reasons.

Can I write SEE if my attendance is below 75%?

No. The cited regulations state that a student below 75% attendance in a course is not allowed to appear for SEE in that course and receives N grade.

What happens after an N grade?

The student must re-register for the course when it is offered again and satisfy attendance/CIE requirements before becoming eligible for SEE.

What are the CIE and SEE weights?

For standard credit courses in the cited scheme, CIE is 50% and SEE is 50%.

What is the minimum CIE score?

40% of CIE; in a 50-mark CIE scheme this is 20 marks.

What is the minimum SEE score?

40% of SEE; in a 50-mark SEE scheme this is 20 marks.

What is the minimum final passing standard?

The cited 100-mark course scheme requires at least 40% overall, together with the CIE and SEE qualifying standards.

What does F mean?

F means fail/non-compliance and earns no credits for the course.

Will a student with backlogs be promoted?

The cited regulations state that all students are promoted to the next semester/year irrespective of academic performance. Separate credit/progression conditions apply for later milestones such as project submission and degree completion.

What happens if CGPA falls below 5.0?

The student is placed on Academic Probation and is limited to a maximum of 16 credits in subsequent semesters until CGPA crosses 5.0.

Can I repeat a failed course?

Yes. Students with F/N/W or specified non-completion situations re-register for the course when it is offered and complete the required CIE/SEE again.

How long is Internship-I?

2 weeks or about 80–90 hours, for first-year students, in the cited CSE regulations.

How long is Internship-II?

8 weeks in the cited CSE curriculum, with the detailed structure described in the Internship Guidelines PDF.

Is Internship mandatory for graduation?

Yes, the cited regulations treat the prescribed internships as heads of passing/degree requirements.

How early should I reach the exam hall?

The cited regulations require students to be inside 20 minutes before the examination starts.

What happens in a malpractice case?

Unfair means/malpractice is reported to the Controller of Examinations for appropriate action; disciplinary penalties depend on the case.

Where can I find the academic calendar?

The official NMAMIT Academic Calendar page publishes current and previous calendars and SEE timetables.
